

# CYCLE-POT & PAN DETERGENT™

C-69

## DESCRIPTION

The only true non-alkaline Pot and Pan Detergent. Virtually all others use caustic or alkaline ingredients to shock clean utensils and cooking pots, which can be harmful to skin and can actually cause damage to some of the surfaces. Higher in solids than any liquid Heavy Duty Detergent. Contains three (not just one) wetting agents. They are synergistic and designed to be a combination of grease cutters and wetting agents to provide an extremely powerful grease releasing compound that is proprietary to The Clean Environment Co. These special degreasing agents replace potentially unsafe or harmful caustic or alkaline cleaning agents. Contains non-polluting water softener agents to extend the suds and cleaning life of mixed products up to three times longer through baked-on carbon with a minimum of pre-soaking. Saves time and labor. CYCLE-POT & PAN DETERGENT™ begins to work the moment it is mixed with water. Less time is needed to soak and scrub pots and pans. Has pleasant natural citrus scent without the use of perfumes.

## DIRECTIONS

Add detergent to sink while water is running to build suds. Add ½ ounce of CYCLE-POT & PAN DETERGENT™ per gallon of water in sink. If extremely greasy, up to one ounce of CYCLE-POT & PAN DETERGENT™ may be necessary. Wash dishes in customary manner and rinse with hot water. It biodegrades readily with more than 90% of the materials decomposing in 28 days.

## ENVIRONMENT AND HEALTH

Non-toxic.

All ingredients are biodegradable or break down into harmless natural elements.

Biodegrades without forming mircotoxins.

Contains no hazardous ingredients as per OSHA regulations.

Contains no butyl ether, ammonia, chlorine, phosphates, benzene, pine oil or strong acids.

Free of all known or suspected carcinogens.

Gray Water Safe, Septic Tank Safe, Biodegradable without effluent treatment processes.

## ANIMAL RIGHTS

Cruelty Free

Contains no animal ingredients.

Has not been tested on animals.

## PACKAGING

This product is packaged in plastic that is recyclable and which may contain up to 25% recycled plastic materials.

Coatings on labels are non-toxic acrylic.

Shipping boxes may contain up to 50% post consumer waste.

**SPECIFICATIONS**

COLOR: Natural (Contains no dyes)  
ODOR: Citrus (Contains no perfumes)  
WEIGHT PER GALLON: 8.32 pound per gallon  $\pm$  2%  
PH: 7.0  $\pm$  .5  
VISCOSITY: Water Thin

**CAUTIONS**

This product contains detergents that may cause eye irritation. In case of contact, flush with water for fifteen minutes. Keep this and all other cleaning products out of the reach of children.
