### N-15

#### PRIMARY USAGE

All Purpose Cleaner, Automatic Scrubber and Concrete Floor Cleaner, Spray & Wipe Cleaner/Degreaser, Carpet Extraction, Bonnet and Traffic Lane Cleaner, Garage Floor Degreaser. Soak Tank and Steam Cleaning Compound, Kitchen Degreaser and Cleaner

#### DESCRIPTION

A moderately alkaline, ALL NATURALLY DERIVED, water dilutable cleaner. Replaces corrosive, caustic and Butyl based cleaners that can instantly burn skin or permanently damage internal organs. Outperforms traditional cleaners. May be disposed of into sewers without PH adjustment. A tremendous spray and wipe type cleaner.

#### FEATURES

**THE NATURAL SPRAY & WIPE CLEANER CONCENTRATE™** cleans, degreases and deodorizes in one application. **CLEAN ENVIRONMENT** combines the advantages of natural builders and detergents and cleaning agents in one product. Contains naturally derived ingredients. Minimally hazardous to humans, animals, the environment or areas being treated when compared to traditional highly caustic cleaners. Free of phosphates and fuming solvents. Lower in alkalinity than most heavy duty cleaners. One product cleans many surfaces and may be used through many application systems. Non-corrosive and actually inhibits corrosion when used on bare metals. Contains no hazardous amounts of OSHA's Listed ingredients on . Safe for use on glass, aluminum and plastic. Extremely easy to use. Skilled labor is not necessary. Very free rinsing which saves labor and eliminates residues. Breaks down oils, soils and greases without letting them reattach to the surface being cleaned. Non-toxic. Biodegradable. Non-combustible. More concentrated than almost all other degreasing/cleaners. More multiple purpose than other degreaser/cleaners which saves inventory, space and money. Works on contact thus eliminating customary waiting times for the product to work. Equally effective in hard or soft water. Dilutes with cold, warm or hot water making this a true all temperature degreaser/cleaner.
