

THE NATURAL™

CAR WASHDETERGENT

N-37

DESCRIPTION

Very high sudsing naturally derived detergent for washing cars and other vehicles. Works with cold water. Easy on hands. Works best when suds are allowed to sit on surface for a few minutes before washing off. Rinses free of residue. Can be used with high pressure sprayer. See label for dilutions.

DIRECTIONS

For hand wash mix one ounce per gallon of water in bucket. Mix briefly. Spray or apply to car surface with sponge. Rub lightly so as not to scratch surface. Allow to stand on surface for a few minutes, wash off and rinse. Amount used may need to be adjusted according to directions on the label because of soiling conditions or hardness of water in the area.

ENVIRONMENT AND HEALTH

Non-toxic.

All ingredients are biodegradable or break down into harmless natural elements.

Biodegrades without forming microtoxins.

Contains no hazardous ingredients as per OSHA regulations.

Contains no Benzene Derived Detergents, Alcohol, LAS, DDBSA, EDTA or NTA commonly found in most other detergents.
