

# ORANGE PRO II

## Water Dilutable Degreaser/Cleaner with Hydrogen Peroxide

N-64

### PRIMARY USAGE

All Purpose Degreaser/Cleaner  
Spray & Wipe Cleaner/Degreaser  
Kitchen Degreaser and Cleaner

### DESCRIPTION

A naturally derived cleaner that is safer for the environment and humans than all traditional cleaners are. Biodegrades rapidly without the need of sewage treatment facilities. A non-alkaline, water dilutable degreaser/cleaner. Replaces corrosive, caustic, and Butyl based degreasers that can instantly burn skin or permanently damage internal organs. Outperforms traditional water-soluble degreasers. May be disposed of into sewers without pH adjustment. A tremendous economical spray and wipe type cleaner. Does not give off solvent fumes that can irritate lungs. Special processing of naturally derived ingredients yields an outstanding product that instantly penetrates and removes soils, oils, and greases.

### FEATURES

**ORANGE PRO II** cleans, degreases, and deodorizes in one application. The Clean Environment Company combines the advantages of natural solvents and detergents with the finest cleaning agents in one product.

- >>Contains natural citrus solvents, vegetable derived detergents, food grade water conditioners and hydrogen peroxide.
- >>Minimally hazardous to humans, animals, the environment or areas being treated when compared to traditional highly caustic degreasers.
- >>Free of phosphates and fuming solvents and EDTA found in most other citrus cleaners.
- >>Pleasant natural deodorizing action leaves a fresh scent.
- >>Lower in alkalinity than almost all heavy-duty degreaser/cleaners.
- >>One product cleans many surfaces and may be used through many application systems.
- >>Safe for use on glass and most plastics.
- >>Extremely easy to use.
- >>Very free rinsing which saves labor and eliminates residues.
- >>Breaks down oils, soils, and greases without letting them reattach to the surface being cleaned.
- >>Immediate odor control.
- >>Non-toxic.
- >>Biodegradable.
- >>Non-combustible.
- >>More dilutable with water and economical to use than most degreaser/cleaners.
- >>More multiple purpose than other degreaser/cleaners, which saves inventory, space and money.
- >>Works on contact thus eliminating customary waiting times for the product to work.
- >>Equally effective in hard or soft water.
- >>Dilutes with cold, warm, or hot water making this a true all temperature degreaser.

**OTHER APPLICATIONS**

Automotive Engine and Parts Degreaser  
 After Fire Cleaner and Carbon Remover  
 Grill, Deep Fat Fryer, and Oven Cleaner  
 Concrete and Stone Floor Cleaner

**DILUTIONS and DIRECTIONS****Manual Cleaning**

Light Duty	Use 2 to 4 ounces per gallon of water

Severe Duty	Use 24 to 48 ounces per gallon of water

**Spray and Wipe Cleaning**

Medium Duty	Use 4 ounces per quart of water
Heavy Duty	Use 8 ounces per quart of water

**High Pressure Cleaning**

Light Duty	Dilute with 256 parts water
Medium Duty	Dilute with 128 parts water
Heavy Duty	Dilute with 64 parts water

**SPECIFICATIONS**

COLOR:	Natural
ODOR:	Natural Citrus
pH RANGE:	7.6 – 7.9
USAGE TEMPERATURE:	Between 32 and 212 degrees Fahrenheit
STORAGE:	Cool area is best
SHELF LIFE:	1 to 2 years when stored between 40 and 90 degrees Fahrenheit
FREEZE/THAW STABILITY:	Stable: Passes 3 cycles
TOXICITY:	Non-toxic
BIODEGRADABILITY:	Completely Biodegradable
CAUTIONS:	Avoid direct eye contact. Do not take internally. Avoid prolonged skin contact. Wash skin with soap and water after use.
PACKAGING RECYCLABILITY:	All package components are recyclable
STANDARD PACKAGING:	Quarts, Gallons, 5 Gallons, 15 Gallons, 55 Gallons
